- 3 This has been a slow issue to put together. In no small
- 4 part due to the pain in my right arm. I've often joked
- 4 protect the boat, car, bike - flesh heals! I'm starting to
- 5 pay the price for that as my right leg and arm more
- 5 and more sources restrict my activities. After put-
- 6 ting the boat away after spring #2 I drove home I
- 6 handed with my right arm draped across my lap. If it
- 7 gets any worse I'll have to include a main trimmer in
- 7 my weekly call for crew. (For those that don't know
- 8 I have plates, rods, screws, and a giant nail distributed
- 12 between my right arm and leg - the culmination of 10
- 12 broken bones.)
- 15 For those that have not had the time or inclination to
- 21 get on the water yet, you are missing a great spring.
- 22 We've had 4 club sailing events and all have been great
- 22 fun. The new years day play race was a great way to
- 22 start the year; spring #1 was a nice cob web clear-
- ing sail with a mix of Folsom Lake conditions ranging
- from 8 to 10 kts of wind down to 1 to 2 with calm
- lulls; spring #2 was a blasting riot. Spring #2 might
- have been the best sailing of the year if I had been
- able to find the race course. I don't think I could have
- gotten more lost inside a 1 sq nm than I was that day.
- It was still great sailing.

Coming up this next week my body will get a break from the demands of sailing as I'll be running the race with John Poimiroo and probably Katie who is actually very excited to be RC again.

Now just to confuse everyone I'm sending Four Sirens out with a guest skipper. Our Commodore will be showing me what Four Sirens can do in a real sailors hands.

A final note of thanks to the club members that recently spent part of a weekend working on the race course replacing and retrieving lost marks. Our club is entirely dependent on volunteer effort for administration, maintenance, governance, and well everything. Thank you to all of our FLYC volunteers.

Hello FLYC members!!

Can you believe it, March is already here!! Seems like this year is flying by and yet I have not actually raced my boat yet. Tragic, I know!

While Reaction sits quietly anticipating a new mast for this year, many of you have taken advantage of the beautiful weather we had in February and have been out cruising and racing. I had the fortune of being R/C for the 1st day of spring racing, kicking off the 2013 season. Check out the re-cap later in the Telltale.

In February we also had our first club meeting of the year and it was nearly a packed house! Everyone enjoyed drinks and snacks while getting updates on the club and learning everything there is to know about running a race as R/C. Thanks to Mark Erdrich for pulling together the presentation and for updating our sailing instructions.

The Saturday following the club meeting, we held our first on the water R/C training. We had two brave students and a host of sailboats practicing their starts. If you didn't make it this year, plan for it next year. Everyone had a great time and the club now has two more experienced race committee volunteers.

Unfortunately I was not able to attend Spring #2 however I hear it was a WINDY good time.

Coming up in March we have three more Spring Series races (9th, 23rd, 30th) which will also be your last chance for race practice before Camellia Cup. The March club meeting should also be an exciting one with Bob Richards presenting information on the upcoming Big Wake Weekend. For those that do not know, Big Wake Weekend will be a return to Folsom Lake by HI Unlimited Hydroplane racing. Should be exciting!

Camellia Cup planning is coming along well. Mark Erdrich is in the process of putting together race documents and for the first time, online registration. We are still looking for volunteers and raffle donations so please let me know if you would like to help out.

It has been an excellent start to 2013 for FLYC, let's keep the club momentum going, see you on the water!!

## New Boat Washing Policy

To quote the slip renewal notice Folsom Lake Marine just sent out:

"The Dept. of Fish and Wildlife has said that it is illegal to let any type of soap or chemical enter Folsom Lake water. They say violators could be fined \$25,000. You may wash your boat with just water and a brush, but you will need to bring your own

---

## Vice Commodore

Mark Erdrich

The 2013 season is underway. Two of the five Spring Series race days have been held so far, and I only had to do a little scrambling to make sure Race Committee was covered. It looks like RC is in good shape for the rest of the series.

Next month is the Camellia Cup regatta and the Trans-Folsom regatta. New this year for both of these regattas is the ability to register online! We will not be accepting payments online yet, but you can fill out and submit your registration form and receive an email confirmation. You can find the link to the registration forms on the flyc.org website. The big concern about registering online is with the Camellia Cup dinners and T-Shirts. We preorder these items based off of the registration forms, and if you order something and do not pay for it, the club could be out some money. So, please don't register online until you know you will be able to attend.

In February, we held our first Race Committee training day. Turnout was a little lighter than we hoped for, but thanks to Tom Anderson, Drake Johnson and Joyce Johnson for coming out and learning about Race Committee. Thanks also to Mark Werder for assisting me in the training, as well as Todd & Barb Craig, Dave & Lanette Strain, and Will Deutsch & crew for bringing their boats out for the practice races.

It's going to be a busy March with three different series race dates, so hope to see you out for one or more of them!

Mark

## Treasurer's Report

Scott Fredrickson

February report.....

I'm in trouble with the Secretary of State. Again. This time for failure to file the eForm 199N--for FY 2011. It is a simple form--or should be--that requires a statement of gross revenues. Can't say they didn't give me plenty of time. So to cover the bases, I filed 2011 and 2012 the same day. (Long diatribe on government inefficiency and inability to intelligently use the data they collect deleted).

A late invoice from last year presented at the February meeting reduced the measly 'retained earnings' even further. For FY 2012 the club made--\$61.

And now we can't wash the winter mildew off our boats with bio-degradable soap. I always thought it probably helped disperse the oil and fuel around the ramp. Sheesh.

P.O. Box 156

Typical for February, lots of (late!!) membership renewals, but since it's still winter everywhere else, not much else.

## Camellia Cup Volunteers Needed

Hello fellow members! Camellia Cup is FLYC's biggest event where we invite lake sailors from all over California and beyond to test their sailing skills on our home turf. Events this large need plenty of volunteer help so I hope everyone can pitch in and/or join the Cam Cup committee. I have listed several of the positions below and want to thank everyone that has already stepped up to volunteer. If you can help out in any way or can take one of the open positions, let me know. We are also starting to collect prizes for the raffle so let me know if you would like to make a donation.

Thanks!!

## Open Keel Fleet Report

Todd Craig

The FLYC Spring Series for 2013 has seen a great turnout for the open keel fleet. We are the largest class with 8 boats registered and there has been some very stiff competition. The fleet is a great mix, ranging from extremely experienced skippers and crews to absolute beginners. The weather was very good for two thirds of the first day and excellent for the second. Sadly, I missed out on Spring 2 due to a hit-and-run collision with my parked truck at 4am that morning. I am very much looking forward to Spring 3 on March 9th and I hope to see you all out there. For those of you with a boat that haven't come out for the series, what can we do to help you get out on the water? Most barriers to racing are only perceived barriers or at least surmountable. Contact me to see if there is a way to help you get out there and join in the fun. If you've never raced your boat and want a very non-stressful way to see what it is all about, volunteer to help with Race Committee. No experience is needed and there's always room and need for one more.

# Fleet 12 News

Will Deutsch

The sailing season has started. We managed to scrape enough registered Santana 20s for our own start in the spring series. However, we have not had a race with more than 3 20s on the line and even then only 1 race that was more

then match racing. We've certainly been having fun out there it would be much better to get more active participation from Santana 20 owners.

If you have a 20 come on out and play!

Spring #2 was an amazing day. It was the first time I've flown every sail in the same day. The day started light enough to fly the genoa and spinnaker and finished where even the main and jib could be a challenge in the puffs. I was reminded a few times why they no longer design IOR shaped boats with 500lbs of keel and the rudder would broach or just stall and the boat would start to go around in a dramatic roundup.

# BANSHEE BEAT

Steve Galeria

February was another quiet month for Banshees on the water, but there are many signs that is about to change. Two members, John Harris and Mark Werder, have ordered new sails; one from SLO Sails (that's San

Luis Obispo Sails, not Slow Sails) and one from Pineapple Sails. Stan Susman and Jerry Montgomery are continuing to upgrade their 'new to them' boats, and Jake Cartwright is looking to buy a Banshee, which means the fleet is continuing to grow in numbers and general interest.

On a different note, but one that also indicates the building energy for the coming sailing season, Fleet One is having its annual fleet meeting on March 16th. The Banshees scheduled the meeting just for the fun of getting together over a pot luck dinner, and to talk about how to rig their boats and the coming season. There will be two Banshees, thanks to John Harris and Mark Werder, on display so that members can get ideas on how to rig their boats and check out John and Marks the new sails. Members will also vote on the 2013 Lake Series schedule. This year the proposed Lake Series includes the following regattas:

Camellia Cup	April 20-21
Lake Yosemite	May 18-19
Whiskeytown	May 25-26
Gold Country	June 8-9
High Sierra	July 6-7
Centerboard	July 27
Steele Cup	Aug 17
Turkey Shoot	November 9

The fleet meeting, thanks to generosity of Mel Morrison, will be at Morrison Marine / Inland Sailing Co. in Rancho Cordova; 5:00 PM. All sailors, Banshee owner or not, are welcome to attend.

## Officer Profile

Name & FLYC position(mandatory): Mark Erdrich – Vice Commodore

First Boat: The first boat I owned was 'Here Comes Trouble' - Santana 20 hull #8. The first boat I sailed on was my parent's Venture 21.

What was your introduction to sailing: My parents bought their first boat when I was about 8 years old. For the first couple of years, I slept most of the time (under the influence of Dramamine!). The first time I sailed a dingy by myself was a revelation and I barely stopped sailing after that!

Brag about your family (feel free to include pets): My wife Stephanie was really the one that got us back into sailing after raising kids, divorce, and other things. I'm afraid my cats will never have anything to do with sailing (other than harassing my Radio Controlled

boats when they are in the house).

What is your personal favorite sailing moment: There have been many. From the first time I sailed on a Laser, to racing from Long Beach to Mazatlan, Mexico on an Olson 40, to winning a race at the Nationals. But the best moment had to be last year when we (Austin Quilty & Dave Kerner) won the Camellia Cup.

As far as sailing goes, what are you most looking forward to in 2013: Trying to improve on our 5th place finish in the Santana 20 Class Championships.

What are your goals for FLYC for 2013: Making sure we have Race Committee for each race, as well as trying to get more boats out sailing.

How long have you been a FLYC member: The oldest yearbook I have is from 2003, but I think we were members a couple of years before that.

### 2.0 Eligibility

2.1 The Trans-Folsom is an Open Regatta. All FLYC established/qualified Keelboat and Multi-hull Fleets are invited to participate. Keelboat and Multi-hull Fleets outside the FLYC may also participate, but must be a member of a Yacht/Sailing Club or the National Authority as required by Rule 75 of the RRS. There is no limit on the number of participating boats, but skippers are strongly urged to pre-register.

2.2 A minimum of four legitimate entries must be received no later than April 26, 2013, to qualify a Class for a One-Design Fleet. If the number of entries

In any other case, PHRF Fleet Keel Boats must complete an FLYC certificate upon registration (see [www.flyc.org](http://www.flyc.org)) or provide a copy of a current/valid PHRF Certificate. Submit any questions regarding PHRF with your registration.

2.4 Keel Boats will be given starting times using current Southern California "buoy" base PHRF ratings.

2.5 PHRF and Cruiser Fleet Keel Boats will be divided into divisions based upon the number of entries.

2.6 Open Class Multi Hull Boats will be given a starting time using the adjusted D-PN rating based on the current North American Portsmouth Numbers for the respective Class and converted to the current Southern California "buoy" base PHRF ratings using US Sail's Portsmouth Yardstick Table V: Relationship of DPN to PHRF.

2.7 Entry fee is \$20.00. Return entry forms with check made payable to: Folsom Lake Yacht Club. PHRF entrants, please include copies of your current or FLYC PHRF certificate (available at [www.flyc.org](http://www.flyc.org)).

2.8 Registration deadline is 8:30 A.M. prior to the skipper's meeting.
